NOTICE

Launching the Sensor Technology Club!

"Sensing Solutions, Igniting Innovation": In light of the rapid advancements in sensor technology and its growing impact across industries, we are excited to announce the formation of the **Sensor Technology Club** at our University. The club is designed to offer students a platform to explore, experiment, and collaborate on cutting-edge developments in sensor technology. Through engaging activities such as workshops, hands-on projects, and guest lectures by industry professionals, participants will gain a deeper understanding of sensors, their applications, and their potential to drive innovation in fields like IoT, automation, healthcare, and more.

Objectives:

- To foster a collaborative environment for learning and innovation in sensor technology.
- To explore practical applications of sensors in real-world challenges.
- To empower students with skills to contribute to emerging tech-driven industries.

Activities:

- Workshops and hands-on sessions on sensor technology.
- Projects addressing real-world applications of sensors.
- Guest lectures by experienced industry professionals.

Eligibility : In the initial phase, the club will be open to students of 2nd and 3rd year from the ETC, CSE, EEE, and EE branches.

Selection Process: Students will be selected based on their performance in an MCQ-based assessment covering topics such as: Artificial Intelligence and Machine Learning (AIML), Wireless Technology and Sensor Technology

A team of faculty members will oversee and mentor the activities of the club. The interested students are requested to submit their names for participation by 12th Aug 2025 in the official mail id of sensor technology club(sensorclub@vssut.ac.in). Please stay tuned for further details regarding the selection test and other updates. For any inquiries, feel free to reach out to any members of sensor technology club[Dr A Mahapatro/Dr S Sa/Dr R Patra/Dr S K Sethi].
