BOM:41-06:	<p>VSSUT related issues</p> <p>(a) Being one of the oldest Engineering Education Institutions in the country, VSSUT needs substantial funding for the renovation of its infrastructure, laboratories, teaching aids, and accommodation for both staff and students. Govt. of Odisha has provided a meager plan grant of 50 lakhs only in the last financial year. In the last four financial years, the University received only 27.9 Crores (out of which administrative approval for 20 crores so far) against the requested amount of 671.7 Crores. Probably it becomes easier if this university is converted into a</p>

national institute. Earlier the Government of Odisha had written to MHRD to upgrade this university to IEST. As the IEST concept has been put to rest by GoI, may we resolve to request Govt. of Odisha once again to send a fresh request to GoI to convert VSSUT to a National Institute in line with the Institute of Eminence / IIIT/ National University.

Resolution: A proposal be prepared to submit to MoE through Govt. of Odisha convert VSSUT Burla to CFTI status. In addition, a proposal be prepared to submit Govt. of Odisha regarding the requirements of academic and residential requirements along with the cost estimate. Prof. C R Tripathy and Shri Bimal K Mishra will assist in the preparation of the proposal before submission to the SDTE dept. Govt. of Odisha.

- (b) VSSUT should put effort into Institute Industry collaborations with leading corporate houses in the country in general and those in Odisha in particular. We can get very good research grants from the industries which in turn will add to the development funds of our university. It will also increase the placement prospects and enhance learning for the students. Shri Bimal Kumar Mishra, a BOM member has assured to participate actively in these endeavours in association with the Dean (SRIC) of the university. BOM also suggested exploring the position of industry chairs to strengthen institute-industry relations.

Resolution: BOM requested Vice-Chancellor to initiate such efforts and explore the position of industry chairs to strengthen institute-industry relations.

- (c) Reward schemes be devised for the performing faculty in the form of a "Best Faculty Award" every year with prize money of 15 thousand along with a certificate of appreciation. The performance criteria may be quality publications, Ph. D. supervision, teaching ability sponsored projects, consultancy, and contribution to university welfare etc. A committee constituted by the Vice-Chancellor will evaluate and submit recommendations to Vice-Chancellor. The award will be given on 26th January every year.

Resolution: BOM approved the proposal and suggested keeping the prize money as Rupees 50,000 and the award be given during the annual convocation.

- (d) Government of Odisha be requested to constitute a high-level technical committee with members from external members and senior professors from VSSUT to evaluate the life of the 65 years old structures of the university and devise an action plan for modernization to comply with the present need of the university.

Resolution: BOM requested Vice-Chancellor to constitute a committee in this direction to submit a report.

- (e) VSSUT may initiate collaboration with BPUT to pursue R&D in niche areas. This will facilitate BPUT to leverage the faculty expertise of VSSUT and the incubation hub available at VSSUT. In turn, BPUT can invest in developing a Centre of Excellence in VSSUT. The Government of Odisha may be requested to steer such a noble move between two of its Technical Universities.

Resolution: BOM suggested writing a request letter to VC, BPUT in this direction.
