

Short-Term Training Program

Objective of the STTP

This ICT(online) Mode STTP on MATLAB for Advanced Engineering Applications aims to enhance the knowledge and skills of MATLAB of faculty & staff members, Research Scholars from all disciplines. The primary objective is to equip educators with the latest advancements in MATLAB, promote interdisciplinary research & provide hands-on training sessions and interactive case studies. This STTP is designed with expert talks, tutorials and hands on training sessions for understanding of the advanced skills of MATLAB. **Software based simulation work will be carryout during course for better understanding of the system in online laboratory work**

Join us to explore the journey of MATLAB

Registration Details:

- Registration Fee: ₹500/-
- Last Date for Registration: 2nd Aug 2026

Mode of STTP: ICT(Online)

Program Code: SPL(IHP VSSUT)

Application Link:

<https://payments.billdesk.com/bdcollect/bd/nittkolkata/10074>

For more details and registration, visit:
<http://www.nitttrkol.ac.in>

Note: 40% Assessment & 80% attendance for E-Certificate. Feedback is Compulsory.

Contact Details:

Coordinator: Dr. Papia Ray
Professor, Dept of EE, NITTTR Kolkata,
West Bengal 700106, India.

Phone: +91 7749995678

Email: papiaray@nitttrkol.ac.in

Who Should Attend?

- ✓ Faculty and Staff members of all disciplines from VSSUT.
- ✓ Research scholars of all disciplines from VSSUT

Program Contents

- ✓ Power Quality Assessment through MATLAB
- ✓ Fundamentals of Artificial Intelligence
- ✓ Fundamentals of Machine Learning
- ✓ Fault Analysis by MATLAB
- ✓ MATLAB & its application

Speakers: Faculty from NITTTR Kolkata and other domain-specific resource personnel.

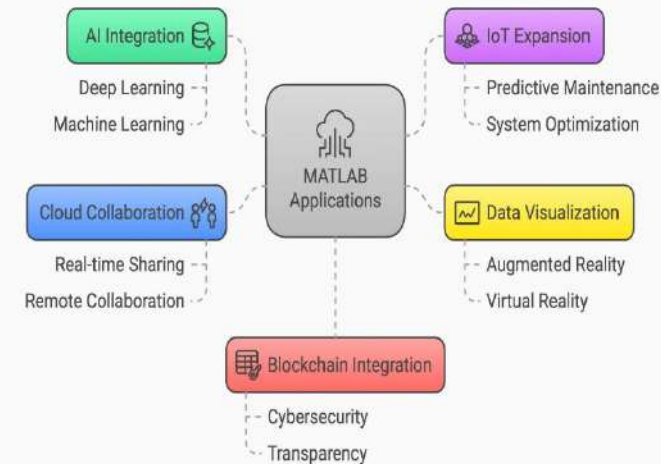

Contact Details:

Coordinator (Host Institute): Dr. Sasmita Behera
Asst. Professor, Dept of EEE, VSSUT, Burla,
Odisha

Phone: 9437367106

Email: sbehera_eee@vssut.ac.in

Future Trends in MATLAB Applications

Date: 3rd – 7th August 2026

Inhouse STTP on MATLAB for Advanced Engineering Applications
